Camp Banavar 30th August 1874

To The Secretary to the Chief Commr
of Mysor

Sir

I have the honor to forward for the information of the Chief Commr Copy of letter no 792 dated the 22nd December last & the address of the Deputy Commr Shemoga District. Suggesting certain arrangements to aid in abolishing the system of impressment in supplying post Bullocks to travellers; & Copy of Colonel Bruce's letter no 425 dated the 16th July last on the subject

II It will be observed that there are no regular Post Bullocks on the roads referred to, and the course usually adopted is to impress the Bullocks of travellers or traders who may be travelling from place to place and thus meet requisitions for dâk bullocks. This matter attracted the attention of the offg Chief Commr Mr Gordon during his late visit to the Gairsoppa Falls in December last, & he expressed his disapprobation of the practice in question & recommended the adoption of the necessary measures to remedy the

Evil.

III It is probable that people will willingly come forward & leave in readiness dâk Bullocks and supply them as they required unless some encouragement be given to them; and I therefore beg to solicit the Chief Comm's sanction to an advance of 100 Rs being given for one pair of Dâk Bullocks at each of the stages indicated in the Deputy Comm's letter on the road to the Falls, on which line the measure is most required - Altho' the average number of persons travelling on this road monthly is limited, still I think, it is necessary to make the above arrangement for obviating the existing evils above referred to.

IV I take this opportunity of bringing to the Chief Comm's notice the necessity which exists of adopting some measures regarding the supply of Bandies - Bullocks & Coolies to different officers &c in the Town of Shemoga - the average supply of which for a month is reported by the Deputy Comm's to be 50 - 80 & 100 Rupees respectively, and I need not say that impressment prevails to a great extent, or else, the difficulties of procuring them & most requisitions are great. I would therefore recommend the employment of a

Maistry for the Shemoga Town on 15 Rs
a month for supplying Bandies, Bullocks
& Coolies, and his influence in procuring
Carriage &c will I presume be greater
than the Bungalow Cutwal & Dandies
who are at present employed on this
duty. The Services of the Cutwal whose
pay is 10 Rs per mensem & 2 Dandies
on 4 Rs each Can be dispensed with
& meet the pay of the Maistry referred to
It appears to me that this arrangement
is necessarily called for in the Shemoga
Town & meet the existing difficulties

I have the honor to be
Sir
Your most obed.t Servant

Mr Bellett
Offg Commissioner
Nagur D.t

No 792.

11

En to H.2

Nagar Division Commrs Office
Camp Davangere 22d Decr 1877

To The Dissanaik
Shimoga District

Sir,

I. It has been brought to the notice of the Officers during his recent trip from Shimoga to the Gersoppa Valley that the Bullocks posted on the road were not the ordinary Jaghal Bullocks obtained freely from the villages on the route but such as had been obtained by impressment of chiefly from carts actually engaged in purposes of trade at the time.

II. It is hardly necessary to enlarge upon the evils of such a system of impressment repugnant as it is not only to a sense of justice but to the principles of the present Govt.

III. The Officers of Govt is of opinion that if the matter is seriously taken up by yourself such impressment can soon be abolished in favor of a more regular and civilized system

IV I believe in some of the villages on the route there will be no difficulty in getting the villagers to undertake on due notice there always

always two pairs of bullocks available for Postal purposes – In other villages on the line of road there may be difficulties in thus having two pairs of bullocks ready for travellers, & if so Special Expedients must be devised, Such for instance as making advances to Suitable persons to purchase bullocks to be primarily available for posting purposes, & Secondarily to be used for their own private purposes, Such advances to be Settled yearly & then a fresh advance made if necessary –

V I do not know what is the average number of persons travelling monthly on this line of route but if the number be few & not likely to prove remunerative to the owners of Such bullocks then it will be a question whether the shortness of the returns by the few numbers of trips might not be made up by increasing the rate of hire –

VI. To Secure to the Bullock owners as many trips as possible, the revenue authorities should refuse to hire for more than two bandies at

at a time. Thus if a party be large it might take 2 or even 3 days for all to be posted but then the Bullock owners would have full occupation & they would be encouraged to keep all their Bullocks & thus put an end to impressment being public boon for which private & convenience must occasionally suffer & probably would do so without murmur if the reason were duly explained & comprehended -

VII Complaints regarding Cattle (supplied by human labor) were brought forward more than once on this line of road & it seem necessary that you should enquire into the prominent causes for the frequency of such complaints & see how they can best be remedied

VIII. Davies stated that his Lordship views with disapprobation the present system of impressment & is of opinion that the District Officer might cure the evil and that you will be good enough with reference to these remarks to devise suitable remedies and that I shall be prepared to support & the

best

best of my ability

G 85
Section L.B
No 1860
Serial No 3
April 1 - 1860 - 9

From a perusal
of the foregoing
letter & its enclosures
the intention appears
to be to make an
advance of 100 Rs
& the individual
at each stage on
the road between
Shimoga and the
Falls, Rs undertakes
& maintain one
pair of Dappal
bullocks thereat
for travellers, and
that payment for
the use of the bullocks

shall be made by
travellers direct
& the owners.
2. The Chf. Comr.
considers Mr. Ricketts'
proposal as above
stated is a good
one and that the
amount of advance
recommended by
him is not excessive.
But how it is proposed
to recover or adjust
the latter sum and
what security should
be taken for the
due fulfilment of the
object ~~of these~~ in view
are not stated and
should be explained
before the adoption
of the measure can

sanctioned.

3. With respect to the entertainment of a "maistry of Shenoys for the supply of carriage, in the place of the present Kutwal and Dundi Peons, the measure appears to Sir Richard Meade to be a proper one and a Proposition statement may accordingly be submitted for it. The "maistry" should enter into an engagement to provide carriage, when required, at fixed rates. The Chief

Commr. observes that
if the forcible impress
ment of "traders' and
travellers'" carts and
cattle for the use
of private parties
has really been
customary on the
road in question,
the practice reflects
much discredit on
the local authorities
and cannot be
too soon suppressed.

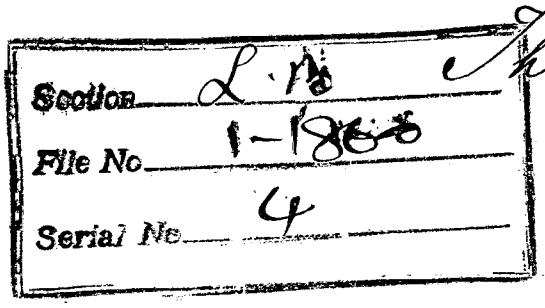
20.

Nagar Dy Commrs Office
Shimoga 30th December 1874
Dep.d 4th Jany 1875.

To



The Secretary to the
Chief Commissioner
of Mysore

Sir,

With reference to the Chief Commissioners Proceedings No 4397 of Gl 83 of the 18th ultimo, regarding Mr Ricketts' proposal to arrange for the posting of Dak Bullocks along the line from Shimoga to the Gersoppa Falls, I have the honor to state for the information of the Chief Commissioner that the Dy Commissioner proposes to adjust the advances made to owners of Bullocks by recovering them at the close of each year and granting them

afresh

afresh in the beginning of the next taking proper securities from the recipients of advances.

2. From personal enquiries made during my late tour to the Falls, I find that Potels and Ryots along the line are willing to keep dâk bullocks provided they receive an advance from Govern-ment at the rate of 100 Rs. per pair for the purchase of the animals, but at the same time they represent that their receipts will be more than counterbalanced by the charges they will have to incur for the upkeep of Bullocks, and that permission should be given to

use

use them for their private purposes
at such times of the year as
travellers are least expected to
visit the Falls. I consider that
the statement of the Ryots about
their expenses for keeping up the
bullocks is just Travellers to
the Falls are few & far between
and confined to a few months
in the year viz from November
to May. During these months
the Bullocks should always be
kept in readiness, and I think
the owners may be permitted to
use them for their private purposes
from June to October on the under-
standing that they are to be kept
in readiness on receiving a notice

P

of 3 days 15

3.- As regards the adjustment of the advance, I think yearly recoveries & advances will create complication. Tangible securities should be taken from the recipients of advances, who should not be called on for the first 2 years to repay the same, and after that period, to return the advance — which may be adjusted and renewed every two years.

4 I take this opportunity to observe that one pair of Bullocks as recommended by Mr. Ricketts seems to be insufficient and that it would be better if this system

is

is to be introduced at all, to have 2 pairs at each stage. Thus an advance of 200 Rs for 2 pairs of Bullocks for each stage requires the Chief Commissioner's sanction. But at the same time I beg leave to be permitted to remark that personally I do not consider that this arrangement which is solely for the benefit of tourists is necessary.

As regards the entertainment of a Bandy Industry for the Town of Shimoga, I find that no one competent to undertake the duty and possessing sufficient means and influence can be procured. One Mussulman has offered to take up the appointment, and on enquiry

Proceedings of the Chief Commissioner of Mysore, General Department,
1st June 1875.

From the Commissioner, Nagar Division, To the Offg. Secretary to the Chief Commissioner of Mysore, General Department, No. 67—Genl. 42, dated Camp Santaveri, 4th May 1875.

In reply to the Chief Commissioner's Proceedings under date the 16th January last, No. 7444—G. 1651, I have the honor to state that out of 10 stages between Shimoga and the Gersoppa Falls, the Patels at 6 stages are willing to accept Amrut Mahal bullocks and supply travellers with dâk-bullocks. The other Patels decline ; some because they are unwilling to undertake the responsibility, and others, because, as they allege, it is difficult to get good grass.

I would recommend that 6 really good pairs of bullocks should be sent for distribution to the willing Patels. The other Patels should not be allowed to think that they will thus escape the responsibility which their office entails upon them, and it is probable that they will make application for bullocks of their own accord if they see well-bred and strong ones supplied to their neighbours.

No. 1815—Genl. 56, dated Bangalore, 1st June 1875.

Order thereon.—With reference to the proposals submitted in the above, the Offg. Chief Commissioner observes that the object which was had in view in obtaining an annual supply of young bulls from the Amrut Mahal Department in order to improve the local breed of cattle, would be largely defeated, if these animals are utilized, as Major Campbell proposes, for draught purposes. Mr. Dalyell sees no difficulty in adopting the arrangement proposed by the Offg. Commissioner (Mr. Ricketts) in his letter No. 289—133, dated 30th August 1874, and which has been followed in previous instances, *viz.*, of making advances to the Patels of the villages or to other reliable persons under a written agreement to repay the amount within a stipulated time, say 2 or 3 years, on the security of their property.

Under this authority the requisite advance can be at once made, and a statement furnishing the names of the recipients and other particulars submitted to this Office as soon after as practicable.

T. CLARKE,
Offg. Secretary.

Correspondence ending with the Chief Commissioner's Proceedings No 3131/84 of the 13th July 1875, regarding the arrangements to be made for the supply of dak bullocks to travellers from Shimoga to the Gairsoppa Falls.

With reference to the above, has the honour to submit for the Chief Commissioner's information copy of letter No 856 of the 25th instant from the Deputy Commissioner of the Shimoga District reporting that for the

the reasons therein assigned, none of the Patels agree to accept the advance of 100 Rupees on the condition of supplying bullocks, and that even those who had originally agreed to undertake the task have since withdrawn their applications.

2. In a subsequent communication received, the Deputy Commissioner states that even an advance of Rs 200 is not sufficient to induce the Patels to enter into the desired agreement.

3. Under these circumstances the undersigned is of opinion that nothing further need at present be attempted in the matter.

Nagar Dy

Sir

In reply to your docket No. 378 dated 23rd July last forwarding copy of Secretary's docket No. 3131/84 of the 13th idem conveying the sanction of the Chief Commissioner to the grant of an advance of Rs. 100 to the Potails at dâk stages between Shimoga and the Falls for the purchase of bullocks, I have the honor to report that orders having been issued to the Amildars of Shimoga, Honnalli, and Sagar, to send the names of the Potails agreeing to receive the advance together with properly executed bandi replies have been received from them to the effect that none of the Potails agree to accept the advance of money for supplying travellers with dâk bullocks being afraid to risk the laying out the capital in the purchase of bullocks owing to the prevalence of cattle diseases to a great extent.

2. Even these potails of the 6 stages who once agreed to undertake the work have since withdrawn their applications

applications for the same reason.

I have the honor to

Lt C. L. Blair

Actg: Deputy Commissioner

Shanghai.
